

WOODEN FLOORS care

EVERY DAY

- Sweep or vacuum to protect against scratches
- Clean up spilled liquids immediately after the stain occurs

EVERY WEEK

- Cleaning with a slightly damp microfiber mop along the boards
- Checking the condition of critical areas (entrance, kitchen area)

EVERY MONTH

- More thorough cleaning with a dedicated wood cleaner
- Checking the condition of security under furniture

EVERY
QUARTER

- Thorough cleaning of corners and hard-to-reach places
- Checking the condition of expansion joints (e.g. with tiles)

EVERY YEAR

- Detailed inspection of the floor condition (e.g. scratches, damage)
- Complementing the protective coating

EVERY 5-7 YEARS
(or as needed)

- Professional condition assessment, machine cleaning and floor protection
